BNGAP (BUILDING THE NEXT GENERATION OF ACADEMIC PHYSICIANS)

This conference provides an exceptional opportunity for medical students and residents to explore how academic medicine careers fit with their personal and professional interests, to develop and enhance their academic medicine portfolio, and to expand their network among academic medicine colleagues and role models. **ALL ARE** welcome to attend, but BNGAP is especially interested in reaching out to trainees who are underrepresented in medicine (racial and ethnic minorities, LGBTQ, and women) to consider academic medicine careers.
