

Dear Academic Leader:

We are excited to invite you to the BNGAP 2017 Academic Medicine Career Development Southeast Texas Regional Conference for Diverse Medical Students and Residents, at the University of Texas Medical Branch, Saturday, October 28, 2017, Galveston, TX.

This conference provides an exceptional opportunity for the medical students and residents at your institution to explore how academic medicine careers fit with their personal and professional interests, to develop and enhance their academic medicine portfolio, and to expand their network among academic medicine colleagues and role models. All are welcome to attend, but BNGAP is especially interested in reaching out to trainees who are underrepresented in medicine (women, LGBTQ, and racial and ethnic minorities) to consider academic medicine careers. For further information on the conferences, please visit www.bngap.org.

Please feel free to reach out to us if you have any questions. Also, please let us know if your institution is interested in serving as a collaborating institution for the Southeast Texas Regional Conference. We are looking forward to seeing you at the conference!
