|               | Identify at least three benefits of a diverse academic faculty.                       |  |  |
|               | Track 1   | Track 2  |  |
|               | (Senior Medical Students Seeking  | (Senior Residents/Fellows Seeking First                            |  |
|               | Residency/Residents Seeking Fellowship)   | Academic Position)   |  |
| 9:40-10:30am  | Key Considerations in Selecting a   | Key Considerations in Selecting a Faculty                          |  |
|               | Residency or Fellowship Program   | Position   |  |
|               | Dr. Holaday, Dr. Williams, and Dr. Sule   | Dr. Boulas, Dr. McCann, and Dr. Boutin<br>Foster                   |  |
|               | Understand what an academic   |  |  |
|               | residency/fellowship entails  | Define the key terminology associated with                         |  |
|               |   | becoming an academic physician;                                    |  |
|               | Know the various types of academic  |  |  |
|               | residencies/fellowships   | State 4 essential considerations a new                             |  |
|               |   | physician should make prior to joining an                          |  |
|               | Assess personal and professional factors in career choice                             | academic physician practice;                                       |  |
|               |   | List 8 steps and the optimal timeline for                          |  |
|               |   | securing an academic physician position                            |  |
|               |   | post-residency   |  |
| 10:30-11:20am | Therapeutic and Diagnostic: CV and  | Who Are You? Developing your Vision                                |  |
|               | Portfolio Preparation   | and Preparing a Pathway  |  |
|               | Dr. Holaday, Dr. Williams, and Dr. Sule   | Dr. Boulas, Dr. McCann, and Dr. Boutin<br>Foster                   |  |
|               | Know the components of a competitive CV   |  |  |
|               |   | Demonstrate the use of an Individualized                           |  |
|               | Know the components of an academic  | Faculty Development Plan (IFDP) to reflect                         |  |
|               | portfolio   | on your past and desired future accomplishments;                   |  |
|               | Understand how the CV and portfolio   |  |  |
|               | reflects your area of expertise   | Describe how the IFDP can help shape and advance a career pathway; |  |
|               | Review CV's for content and critique  | autunes a sareer paurray,  |  |

|                    |  | Share / discuss a summary or bio on your professional identity.                 |  |
|--------------------|--|---|--|
| 11:30 –<br>12:20pm | Who Are You? Preparing the Personal Statement and for the Interview Dr. Haywood and Dr. Pina | Therapeutic and Diagnostic: CV and Portfolio Preparation Dr. NF Sanchez and TBA |  |
|                    | Reflect on your past and desired future accomplishments;                                     | Define terms – C.V. and portfolio;  |  |
|                    | Preparing an 'elevator speech' on your professional identity;                                | Compare data elements of different CVs and portfolios;                          |  |
|                    | Communicating your interests in written and verbal form.                                     | List tips to documenting content for academic CVs and portfolios.               |  |
| 12:20pm-<br>1:00pm | LUNCH  |   |  |
| 1:00-2:00pm        |  | emic Medicine Career<br>Inchez, and Dr. Onumah                                  |  |
|                    | Describe personal and professional factors that influence career choice;                     |   |  |
|                    | Describe funding sources for early investigators;  |   |  |
|                    | Review federal loan repayment plans and review repayment scenarios;                          |   |  |
|                    | Recognize that student debt should not hinder a career in academic medicine.                 |   |  |
| 2:00-2:50pm        | Contract Negotiation Dr. Soto-Greene (I)   |   |  |
|                    | List common components of a contract;  |   |  |
|                    | List what "Must" versus "Should" be documented;  |   |  |
|                    | Contrast what "Can" versus "Might Not" be able to be negotiated;                             |   |  |
|                    | Identify who should review your contract.  |   |  |
| 2:50-3:40pm        | Building a Support Team for Your   | Building a Support Team for Your Career   |  |
|                    | <b>Career Trajectory</b><br>Dr. NF Sanchez and Dr. Onumah                                    | <b>Trajectory</b><br>TBA and Dr. Haywood  |  |
|                    | Define role models, mentors, and champions;  | Define role models, mentors, and champions;                                     |  |
|                    | Describe how role models, mentors, and champions can support career trajectory;              | Describe how role models, mentors, and champions can support career trajectory; |  |
|                    | Identifying and building a relationship with potential mentors and champions.                | Identifying and building a relationship with potential mentors and champions.   |  |
| 3:40-4:00pm        | Closing  |   |  |
