

Dear Trainees, Educators and Researchers:

It is a great pleasure to invite you to the Building the Next Generation of Academic Physicians (BNGAP) 2nd Pre-Faculty Career Development Conference hosted at **University of Arizona College of Medicine-Phoenix, January 30th – February 2nd, 2020 in Phoenix, Arizona.**

All are welcome at this conference. BNGAP's primary goal is career development in academic medicine with an emphasis in addressing the needs of those underrepresented in medicine: racial and ethnic minorities, LGBTQ, women, first-generation college/professional students/trainees, and/or those from rural communities.

Different from our earlier conferences that utilized standardized curriculums, the innovation of this conference is to bring together a national audience to share their best practices in developing a diverse pre-faculty workforce. This 3 day conference brings together trainees, faculty, and senior leaders to share and discuss activities and best practices to better prepare trainees (e.g. college, graduate, post-doctoral) to consider, pursue and ultimately succeed as future educators, researchers, and clinical faculty at our institutions. This conference is designed for health professionals (M.D., D.O., P.A.-C., R.N., N.P., D.M.D., social workers, psychologists, etc.), educators, researchers and trainees (pre-health professions, professional schools, and graduate). The conference will host plenaries, workshops, awards gala, and a poster fair and competition.

For additional information about BNGAP and to register visit: <http://bngap.org/10th-anniversary-conference/>

Please feel free to reach out to us with any questions. We look forward to welcoming you to the Valley of the Sun!

Kind Regards,

Francisco Lucio, JD
