February 26th, 2022 - National Engagement and Leadership Seminar (Register Here)

The Leadership and Academic Medicine Seminar: Opportunities for Diverse Medical Students and Residents

During the 1 day event, learners will be able to:
• Describe the role and responsibilities of various medical school offices;
• Navigate the array of leadership opportunities for medical students and residents in the various medical school offices or organizations;
• Describe the benefits of engaging in leadership opportunities in the various medical school offices, especially as a diverse individual;
• Explore academic medicine career fit with their personal and professional interests;
• Expand their network among academic medicine colleagues and role models.

May 28th, 2022 - National Seminar for Diverse College and Post-Bacc Trainees (Register Here)

The BNGAP Health Related Academic Career Development Conference for College/Post-Bacc Trainees consists of nine workshops designed to help trainees:

• Explore how research, educational and service work not only makes them competitive for graduate school (dentistry, medical, nursing, population health, pharmacy, health professions, etc.) but also helps them build a foundation for an academic career;
• Describe how to transform research, educational and service work to scholarship to enhance their competitiveness for graduate school;
• Develop and enhance their portfolio to be a more competitive applicant to health professional graduate school and academia;
• Expand their network of graduate school faculty and role models.
JOB DESCRIPTION

McGovern Medical School at The University of Texas Health Science Center at Houston (UTHealth), a leading academic health center, invites applications for a full-time (1.0 FTE) non-tenure clinical track, Assistant Professor level in the Department of Internal Medicine, Division of Geriatric and Palliative Medicine.

Position Key Accountabilities:
Responsibilities will include supervision of students, residents and fellows in both clinic and hospital settings. Participation in the Division’s intramural practice and pursuit of scholarly activities is strongly encouraged. The position will include a clinical practice (inpatient and outpatient services) at the Harris Health System: Lyndon B. Johnson Hospital, Baytown Clinic and Settegast Clinic. The successful applicant will contribute to the continued growth and development of an already established comprehensive program which includes educational and research initiatives in geriatric medicine.

Qualifications
• The selected candidate for the position requires to have a Texas Medical License or be eligible for a Texas Faculty Temporary License prior to employment.
• The applicant must have must be board certified in an American Board of Medical Specialties approved training program, have advanced training in geriatric medicine, and be board-eligible or certified by the American Board of Internal Medicine or the American Board of Family Practice.
• Academic rank and salary are commensurate with qualifications and experience. UTHealth is an EEO/AA employer.

UTHealth does not discriminate on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, national origin, age, disability, genetic information, or veteran status or any other basis prohibited by law or university policy. EOE/M/F/Disabled/Vet.
